Education

Clemson University

Expected Graduation May 2029

Bachelor's of Science in Mechanical Engineering - GPA: 3.8/4

- Dean's List Recipient | Spring and Fall 2025
- Certified SOLIDWORKS Associate (CSWA) — Mechanical Design

Skills

CAD/CAM: SolidWorks, Fusion 360 (CAM), Autodesk Inventor, Autodesk Revit

Programming Languages: Python, Lua, MATLAB

Manufacturing: CNC Machining, Laser Cutting, 3D Printing, G-code

Engineering: P&ID Interpretation, Mechanical Design, Technical Documentation, System Troubleshooting

Projects

Supercritical Water Oxidation Creative Inquiry

August 2026 - Present

- Leading the recommissioning and operation of the computer and control system for a NASA Ames Supercritical Water Oxidation research apparatus.
- Analyzing and interpreting technical documentation, including P&IDs, operating procedures, and system safety requirements.
- Collaborating with a team of researchers and undergraduate/graduate students to develop a safe plan to recommission the apparatus.
- Controlling the interface between Leeds & Northrup local processing unit, WonderWare InTouch HMI, MaxPro software, and existing control hardware to identify missing configuration files and hardware required for recommissioning.

Electric Vehicle

October 2023 - June 2024

- Designed and fabricated a miniature electric vehicle as part of a student led team.
- Earned 1st place in a statewide engineering competition based on the vehicle's speed and accuracy.
- Applied CAD, laser printing, and 3D printing skills to design and assemble the vehicle.

Experience

Intern, Balfour Beatty— Charlotte, NC

July 2022 – August 2022

- Shadowed a senior project manager on active construction projects, gaining exposure to project management, subcontracting, and general field operations.
- Reviewed engineering construction drawings to understand project requirements and field conditions.
- Participated in on-site inspections and observed coordination between engineering, construction, and contracting teams.

Ride Operator, Carowinds— Charlotte, NC

June 2024 – July 2024

- Operated amusement roller coasters while following safety, inspection, and operating procedures.
- Coordinated with a large team of operators to safely load, dispatch, and unload riders.
- Responded to technical difficulties and equipment malfunctions according to the established procedures.

Extracurricular Activities

Member: Golf Club

Member: Tennis Club
